The Foreigner By Larry Shue

Set in a fishing lodge in rural Georgia, the play centers on Charlie Baker, a science fiction magazine editor whose wife is ill, and has been brought here to unwind by an Army buddy of his, Froggy. The locals assume Charlie does not comprehend them and they speak freely in front of him. The play takes some turns into darker territory.

Come see the Smyrna Theater Company perform this hilarious play. Jim Wooten, Friends board member, will play the part of Froggy LeSeur.
